Minor Tanks Restoration Scheme.

No. R. 2507-16 L. R. 42-15-6, DATED 1ST SEPTEMBER 1915.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.****GENERAL AND REVENUE DEPARTMENTS.**

READ—

(1) Extract from the note (dated 30th July 1913) of the Secretary to Government, Public Works Department, stating that the Deputy Commissioner, Bangalore District, objects to send without the orders of Government the records connected with the restoration of a minor tank called for by the Chief Engineer with reference to a complaint that the work had not been properly carried out and contending that the Chief Engineer is the ultimate authority under the Minor Tanks Restoration Scheme and that he has the fullest powers to order the check of works on a legitimate complaint.

(2) Un-official note dated 19th July 1915 of the Joint Secretary to Government, Public Works Department, stating that according to the marginally noted orders of Government the final authority in all matters connected with the restoration of minor tanks is the Revenue Commissioner, but that the Chief Engineer is expected to furnish advice on all technical points, scrutinise large estimates and generally co-operate with the Revenue Commissioner and to appoint the qualified staff for working the scheme, consulting the Deputy Commissioner in certain cases.

Order No. 2507-16 L. R. 42-15-6, dated 1st September 1915.

Recorded.

Appendix A.

1. Extract from the note dated 30th July 1913, of the Secretary to Government, Public Works Department.

"If approved, the Deputy Commissioner will be informed that the ultimate authority in the Minor Tank Restoration Scheme is the Chief Engineer who provides the required funds, appoints District Overseers and Tank Inspectors, sanctions estimates and controls the operations. On a legitimate complaint, he has the fullest powers to order the check of works, both as regards quality and quantity."

Appendix B.

According to the marginally noted orders, the Revenue Commissioner is the ultimate authority in all matters relating to minor tank restoration.

(1) Government Order No. R. 8464-74—
L. R. 193-13-2, dated the 28th April 1914.

(2) Government Order No. R. 5045-99—
L. R. 408-14-1, dated the 11th December 1914.

The Chief Engineer has to (1) appoint qualified staff, (2) intimate the grant provided in the Public Works Budget under the minor tank restoration scheme and (3) scrutinise large estimates and co-operate with the Revenue Commissioner.

2. The point raised in the correspondence in connection with the Dodmuduvadi tank does not arise, as the orders conveyed in the Government Order of the 11th December 1914 are clear.

READ AGAIN —

Government Order (printed at page 661 of the Revenue Manual) No. 1385-93, dated 26th May 1874, and Inam Commissioner's No. 932, dated 8th June 1874, restricting the grant of copies of "Statements" presented by inamdars to recorded shareholders and of Inam decisions to the recorded shareholders and Courts in which claims to such registered inam may have been filed.

2. Letter No. 114, dated 21st June 1915, from the Superintendent of Inam Settlements in Mysore, soliciting orders as to whether the practice existing in the Inam Department of granting copies of inam decisions and statements to persons found on enquiry to be interested in the inams in a material degree may be continued or whether the order of 1874 should be enforced.

Order No. R. 3050-9—L. R. 701-14-2, dated 13th September 1915.

Government observe that Section 91 of the Registration Regulation provides for the grant of copies of "Sannads, inam title-deeds and other documents purporting to be or to evidence grants or assignments by Government of land, or of any interest in land" to all persons applying for the same.

The order of 26th May 1874 read above, should be deemed to have been abrogated by this later provision of law.

Gomal Lands for Building Sites.

No. R. 3141-4—L. R. 405-09-4, DATED 15TH SEPTEMBER 1915.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Summary of representation in Subject No. 104 of the Proceedings of the Representative Assembly of 1909, that the Amildars of Malnad Taluks in the Shimoga District may be empowered to grant on their own authority 20 guntas of gomal land for building houses.

2. Letter No. 2432, dated the 17th August 1910, from the Revenue Commissioner in Mysore, furnishing his opinion in favour of the representation.

3. Correspondence ending with letter No. 8105, dated 8th January 1915, from the same Officer forwarding the opinions of the Deputy Commissioners of Hassan, Shimoga and Kadur Districts.

Order No. R. 3141-4—L. R. 405-09-4, dated 15th September 1915.

The Deputy Commissioner, Hassan District, thinks that no change in the existing rules is called for. The Deputy Commissioner, Shimoga District, is of opinion that Amildars may be empowered to sanction applications subject to the condition that the sites so granted should be given up to Government when required. The Deputy Commissioner, Kadur District, suggests that Amildars may be authorized to grant sites not exceeding 10 guntas in extent in anticipation of sanction.

2. In their Order No. 10063-65—R. 3873, dated 12th May 1896, Government have declined to empower the Deputy Commissioners to grant for building purposes lands specially reserved under Section 39 of the Land Revenue Code. In consideration, however, of the inconvenience caused to the raiyats in the malnad by delay in the disposal of their applications, and the need for greater facilities to them. Government are pleased to authorise and the Revenue Commissioner to permit the Amildars and the Deputy Amildars in the malnad taluks and sub-taluks to grant in anticipation of his sanction, building sites not exceeding 20 guntas out of gomal and other land reserved for communal purposes.

3. In granting lands for building purposes under this order, the rules for the grant of building sites in malnad, prescribed in Appendix C to the Revenue Rules, should be followed as far as applicable.

4. This order will be in force for three years, before the end of which the Revenue Commissioner should submit a report on its working and the necessity, if any, to continue it.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 1453, dated the 28th July 1915, from the Revenue Commissioner in Mysore, submitting for sanction a bill for arrears of increment due to the following officials of the Arkalgud Taluk Office:—

1. Krishnappa, Nagadi gumasta, from May 1913 to the end of March 1914.
 2. Lingappaiya, Revenue gumasta, from January 1913 to the end of March 1914.
-

Order No. R. 3361-409—L. R. 37-15-64, dated 20th September 1915.

Government observe that the period of one year under Article 5, Civil Account Code, should be counted only from the date of sanction of increments, etc., by the proper authority. The authority of Government is therefore unnecessary for the investigation of these cases and should not have been insisted upon.

2. Government desire, however, to impress upon all sanctioning authorities the inadvisability and inconvenience of sanctioning claims with retrospective effect as it throws unnecessary burden on the audit office, and leads to undeserved hardship on the officials concerned.

3. In cases wherein increments are withheld as a punishment retrospective effect should not ordinarily be given, as obviously, it would defeat the object first aimed at.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 511, dated 13th July 1915, from the Revenue Commissioner in Mysore, recommending sanction to the proposals of the Special Land Acquisition Officer, Cauvery Reservoir Works, received from the Deputy Commissioner, Mysore District, for abandoning the tanks and kattes in the Mysore District, mentioned in the appended list, which will all become superfluous when the new channels are completed and irrigational facilities therefrom afforded and for giving out the beds of those tanks and kattes to the expropriated raiyats for cultivation under the Land Compensation Scheme reserving such as are absolutely necessary for the use of men and cattle during summer.

2. Unofficial Note, dated 31st August 1915, by the Secretary to Government, Public Works Department, stating (1) that adequate provision has been made in each village served by the new channels by reserving a katte for the use of men and cattle during summer and (2) that the weirs of tanks below which wet cultivation is now carried on will not be lowered or breached until the respective channels commanding these wet lands are completed; and recommending sanction to the proposals made by the Special Land Acquisition Officer.

Order No. R. 3622-25—L. R. 25-15-18, dated 25th September 1915.

Government approve of the abandonment of the tanks mentioned in the appended list subject to the remarks made therein and of the grant of the beds of the same for cultivation to the expropriated raiyats in exchange for wet and garden lands submerged by the Cauvery Reservoir.

2. The weirs of the tanks below which wet cultivation is now being carried on should be lowered or breached only after the channels for irrigating such wet lands are completed.

Subject No. 501 of the Proceedings of the Representative Assembly of 1913, urging the necessity for taking the thumb impressions of illiterate persons who appear as parties or witnesses in Revenue Courts.

Order No. R. 3515-24—L. R. 713-14-2, dated 23rd September 1915.

As the signature of the deponents is not required under the Land Revenue Code to the memoranda of evidence recorded in formal or summary enquiries, Government do not consider it necessary to prescribe any rules regarding the taking of thumb impressions in such cases. It is however desirable to adopt this procedure as regards the service of processes and petitions presented by illiterate persons and receipt of documents and property from Revenue Courts. Government are therefore pleased to issue a new rule as in the appended notification which will be published in the Gazette.

2. The Revenue Commissioner is requested to make the necessary arrangements to supply each Revenue Officer with the materials required for the purpose.

In exercise of the powers vested in them by Section 233 (n) of the Mysore Land Revenue Code (Regulation IV of 1888), the Government of His Highness the Maharaja of Mysore are pleased to direct that the following be inserted as Rule 102 C of the Revenue Rules issued under Notification No. 264—R. 122, dated the 10th July 1901 :—

"102C. The impression of the left thumb of a person who is unable to write his own name and who is concerned in a revenue suit or case, shall ordinarily be taken in printer's ink along with his mark—

- (1) to any original summons or notice in token of his receiving the copy served on him;
- (2) to any petition, plaint or statement presented by him in person;
- (3) to any book or paper in acknowledgment of the receipt of any document returned, or a copy of any public document granted to him or of any money or cheque from the Court."

Recorded.

2. All the Deputy Commissioners agree that the present form of the diary maintained by the District Surveyors is suitable and that the work turned out by them is sufficient.

3. The Superintendent, Mysore Revenue Survey and Settlement, who was consulted, while considering the form of the diary suitable is however of the opinion that the days passed by the District Surveyors in field work and the average output per field day are below the mark and capable of improvement. Government agree with him in these observations. The Deputy Commissioners of the Districts are therefore requested to make better arrangements for improving the field work of the District Surveyors by the exercise of closer scrutiny over their work.

4. The present form of the diary, with an additional column showing the number of days camped out, should be adopted in future.

Letter No. 988, dated the 23rd July 1915, from the Conservator of Forests in Mysore, stating that in the districts of Mysore, Shimoga and Kador, where extensive forest operations are undertaken every year, and where there is paucity of contractors of some standing, the grant of working advances without security to petty contractors, who are mere headmen of labour gangs is inevitable, and that owing to the extent of their charges being very large, the Range officers cannot make weekly payments so as to avoid such advances, and suggesting a pecuniary limit to the powers of disbursing officers in this behalf as contemplated in Article 155 of the Forest Code, and the addition of the following as the 3rd sentence of Article 154 (i) of the same Code with a view to provide a check over indiscriminate advances of Government money.

"Advances without security where indispensable should be made with a caution by the disbursers and should in no case exceed the value of work expected to be turned out in the course of a month."

Order No. R. 2836-46—Ft. 54-14-8, dated 8th September 1915.

The following scale proposed by the Conservator of Forests for making advances to petty contractors with or without security is sanctioned:—

	Major districts Rs.	Minor districts Rs.
(1) Amount up to which a District Forest Officer may advance to a contractor without the previous sanction of the Conservator ...	500	250
(2) Advances to contractors to be reported to Conservator where they exceed ...	250	150

2. The amendment of Article 154 (i) of the Forest Code in the manner suggested by the Conservator is also approved.

An addendum slip as appended to the order should be issued.

Government Order No. R. 6211-22—Ft. 139-13-1, dated 11th February 1914, sanctioning the deputation on special duty, for one year, of Messrs. G. Krishnamurthi Naidu and H. S. Narayana Rao for carrying out a survey of the forest resources of the State and for the development of forest industries

2. Letter No. 7968, dated 6th February 1915, from the Officiating Conservator of Forests in Mysore, stating that the examination of the forest resources of the State has been almost completed, that one of the officers, *viz.*, Mr. H. S. Narayana Rao has already been relieved of his special duty and otherwise employed in the department in a regular charge, but that it is necessary to continue Mr. G. Krishnamurthi Naidu's deputation till he is able to formulate practical schemes in respect of the several forest industries suggested by the preliminary survey of resources, and requesting that the deputation of this officer might be extended for another year.

3. Government Order No. R. 7049-51—Ft. 134-14-3, dated 17th February 1915, sanctioning the extension of the period of deputation of Mr. G. Krishnamurthi Naidu, pending further orders.

Order No. R. 3081-92—Ft. 134-14-5, dated 13th September 1915.

Government are glad to note that Mr. G. Krishnamurthi Naidu has shown progress in almost all the items of work referred to in Government Order No. 6211-22—Ft. 139-13-1, dated 11th February 1914, read above. Final reports on the several important subjects such as the manufacture of charcoal, match and paper pulp industries have been received and action has also been taken for the selection of timber suited for cabinet making, etc. The preparation of a commercial guide is reported to have progressed satisfactorily. As regards the formation of a Herbarium, Government have, in their Order No. R. 9172—Ft. 51-14-14, dated 22nd April 1915, directed that the District Forest Officers and Rangers should attend to the collection of specimens in addition to their own work. Mr. G. Krishnamurthi Naidu has returned from his deputation to Hardwar for study of antiseptic treatment of timber and has submitted proposals for conducting experiments on certain classes of timber by antiseptic treatment.

2. With a view to enable Mr. G. Krishnamurthi Naidu to conduct the experiments as regards the antiseptic treatment of timber, to complete the commercial guide, and to further deal with the several items of experimental work taken on hand, so as to lead to some commercial results, Government are pleased to extend the period of his special duty up to the end of December 1915.

3. The deputation allowance of Rs. 50 sanctioned in Government Order No. R. 8949-59—Ft. 139-13-15, dated 20th May 1914, will be continued, while Mr. Krishnamurthi Naidu is on special duty and the marginally noted establishment will also be continued during the period. The extra cost involved should be met from the provisions made therefor in the current year's budget.

1 Clerk on Rs. 25 per mensem and

No. R. 3458-61—Ft. 88-13-8, DATED 21ST SEPTEMBER 1915.

Letter No. 6391, dated Bangalore, 14th November 1913, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

I have the honour to forward herewith for the orders of Government papers relating to the settlement of the Malandurgudda block in the Yedahalli Sub-Taluk, Kadar District, received from the Forest Settlement Officer through the Deputy Commissioner, Kadar, with his letter No. 612, dated 30th June 1913.

	Acres	guntas	
Assessed waste	65	27	
Kharab	2,416	7	
Gomal	7,411	12	
Total	9,921	1	

This block is a range of hills lying on the western borders of the Yedahalli Sub-Taluk and is situated between the river Tungabhadra and the Yedahalli-Mandagadde road. It consists of assessed waste, kharab and gomal lands as noted in the margin belonging to 13 villages and extends, as settled, over an area of 9,923 acres, 4 guntas or 15.5 square miles.

By excluding large areas from the proposed reserve the Forest Settlement Officer has made ample provision for the needs of the villagers affected.

Thirty-five claims were preferred to the Forest Settlement Officer of which thirty-one were fully admitted, three were partly admitted and one was rejected. No appeals were preferred to the Deputy Commissioner against the decisions of the Forest Settlement Officer.

As the Deputy Commissioner has not recorded any objection to the proposed reservation, the final notification may issue.

Letter No. 361, dated Bangalore, 24th May 1911, from C. Venkata Rao, Esq., B. A., Forest Settlement Officer in Mysore, to K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Kadar District.

I have the honour to report on the conclusion of the settlement of the Malandurgudda block in the Yedahalli Sub-Taluk of the Kadar District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 6, 7, 8 and 9 of the English issue of the *Mysore Gazette* dated 6th January 1910, and the proclamation under Section 5 of the said Regulation was issued and the same appeared on pages 50, 51, 52, 53 and 54 of the Kannada issue of the *Mysore Gazette* dated 24th February 1910.

The proclamatory notices were got served on the villagers concerned through the Deputy Amildar of the Yedahalli Sub-Taluk.

3. The locality was inspected and perambulated by me in company with the Deputy Amildar of Yedahalli and the Range Officer of the Koppa Range on the 11th, 12th and 13th March 1902.

4. The undermentioned thirty-five claims were preferred to me during the enquiry.

(i) Nine claims to right of way.

(ii) One claim to right to worship.

and (iii) Twenty-five claims to miscellaneous rights.

All claims in (i) and (ii) were admitted. Of the twenty-five claims in (iii) twenty-one were fully admitted, three partly admitted, and one rejected.

5. The Deputy Commissioner has intimated in his docket No. 347, dated 3rd August 1912, that no appeals have been preferred to him against my decision.

6. The following records are herewith submitted :—

(i) 'B' Register.

(ii) 'C' Do

(iii) Sketch map.

(iv) Boundary notification.

(v) Topo-tracing.

7. The date from which the reservation is to take effect, may kindly be inserted in the draft boundary notification.

1	Kamalegowda, a raiyat of Muthinkoppa on behalf of the villagers.	12th Mar. 1912	Represents that a large extent of his village lands have already been included in the Aramballi State Forest, and prays therefore that the extent of lands of his village proposed for inclusion in the reserve may be excluded.		Although a lot of land belonging to this village has already been taken to form Aramballi State Forest, the present reserve line may be altered so that the line may run evenly from point to point by avoiding too many zig-zags. The villagers may be allowed the right to remove fuel and leaves and to enjoy free grazing in the reserve. The whole of the portion included is hilly and contains valuable growth.	No less than 942 acres have already been contributed by this village to the adjoining Aramballi State Forest. As the raiyats of Halepur, Kavala, Jamballi, and Chebbanada which are the dake villages of Muthinkoppa are hemmed in on one side by the Tunga river and on another side by the Kavaladaballa, they have to depend for their requirements upon the hilly portion of the village proposed to be included within the reserve. As this area is inadequate for providing pasturage for their cattle, they have been for a long time taking them to the grazing lands of Madabur village, the pater of which supports their claim. I am of opinion, that while such is the case, it is not fair to compel Muthinkoppa to contribute any lands for the proposed reserve. I accordingly direct that the lands proposed out of it for the reserve be excluded altogether and the demarcation line laid out in it, cancelled.	...	
2	Govindigowda, pater of Madabur.	Do ...	Prays that sufficient lands for soppu, grazing, daragu and fuel may be excluded from the reserve.	...	The present line runs along the edge of cultivation which may be slightly altered so as to give them some good and sufficient grazing ground towards the west of the boundary. This village contains a lot of lampar lands also which may be used as grazing ground. The coffee holdings and other survey numbers which are inside the reserve may be treated as enclosures.	Madabur is another village which has contributed about 1,290 acres to the Aramballi State Forest. There is no doubt there remains still a large extent of kharab and gonat lands for the villagers. As the boundary line of the proposed reserve is very crooked and as it runs adjacent to many cultivated lands of the village, I decide that it be deviated at a point where the balla meets the northern boundary line of the village and made to run south-west almost in a straight line for about 111 chains to a point about two chains to the north west of the tank adjoining Survey No 27, then almost southwards for 32 chains till it meets the northern boundary of Survey No 13 at a point		

C VENKATA RAO,
Forest Settlements Officer

17th March 1912.

No. R. 3458-61—Ft. 88-13-8, DATED 21st SEPTEMBER 1915.

about 10 chains east from the east side of Survey No. 79, then south-east for about 61 chains to a point about 1 chain south from the south-west corner of Survey No. 68 and then almost in an easterly direction for about 59 chains till it meets the halla at a point about 1 chain from the northernmost corner of Survey No. 69, then along the halla till it meets the south side of Survey No. 5, then along the said south side of Survey No. 5 till it meets the north-east corner of Survey No. 60 near the Yedahalli-Vanala saddle road and then south-east along the said high road till it meets the southern boundary of the village.

As the lands of Muthinkoppa are to be excluded as ordered above, the northern boundary of the reserve will commence at the northernmost end of Survey No. 30 of Madabur and run south-east for a distance of 50 chains till it meets the western bend of Survey No. 31, then eastwards for about 46 chains; then north-east for about 46 chains till it meets the north-east corner of Survey No. 86, then almost in the same direction for about 18 chains till it meets the northern boundary of the village and then along the said boundary till it meets the halla. By this arrangement 1,172 acres will be excluded for the use of the rayats of Madabur and Muthinkoppa.

C. VENKATA RAO,

Forest Settlement Officer

17th March 1912.

The rayats of Madabur and Muthinkoppa have set up a claim to the right to remove cane and vate from the lands forming the source of the "Vate Bachal" lla. I decide that each family be entitled to remove from the said locality five head loads of cane and ten head loads of vate per annum. I reject the claim of the rayats of the latter village to the right to remove fibres as they can exercise their right in the lands of Madabur ordered to be excluded by the deviation of the forest boundary.

C. VENKATA RAO,

Forest Settlement Officer.

17th March 1912.

The Patel of Madabur supports the claim.

Represents that the rayats get their supply of canes and vate from Survey No. 19 where Watebachadu halla takes rise and prays that this right may be conceded to them to the extent of 5 to 6 head loads of cane and 50 to 50 head loads of vate for each rayat. States that the rayats of Halyur, Kavala, Jambhalli and Chebbanadu (hamlets of Muthinkoppa) have been from time immemorial obtaining cane vate, fibre and Kadabende broom-stick and Kavare-fibre from the jungle within the limits of Madabur. As the above villages are bounded on one side by the Tunga river and the Kavalehalli on the other side, the rayats thereof have no alternative but to go to the kharab lands of Madabur for procuring the above articles, and he prays therefore that this right may be recognized.

19th March 1912

5	Govindagowda, Patel of Madabur	12th March 1912	States that the temples of Chovdeswara and Mailkerruna are situated in Survey No. 13 and that the tanks of Harokoppa and Arhale are situated near Survey Nos. 31 and 32 respectively and prays that these may be treated as enclosures.			These temples and tanks fall outside the settled line. C. VINAYATA BAO, Forest Settlement Officer.		
	Do	Do	Requests that right of way over the following pathways may be admitted: (i) Foot-path from Survey No. 39 to the coffee estate (Survey Nos. 13 and 32). (ii) Foot-path branching from the above and leading to Kounakere.			6 & 7. The following rights of way are admitted within the block throughout the year.— (i) Foot-path from Harokoppa to the coffee estate (Survey Nos. 32 and 33) for men and cattle (6 feet wide). (ii) Foot-path branching from the above and leading to Kounakere (6 feet wide). (iii) Cart-track leading from Vinayakshi to Kadambayle for men, cattle and carts (15 feet wide). (iv) Foot-path leading from Survey No. 34 to Mithunkoppa for men and cattle (6 feet wide). (v) Cart-track from Survey No. 31 to Kadambayle for men, cattle and carts (15 feet wide). 	Ascertained by the Forest Settlement Officer.	12th Mar. 1912	(i) Cart-track from Survey No. 31 to Kadambayle. (ii) Foot-path from Survey No. 32 to Mithunkoppa.			17th March 1912. C. VINAYATA BAO, Forest Settlement Officer. Note.—Survey Nos. 34, 35, 56 and 57 are ascertained to be private holdings and are treated as such in the proposal of the Forest Settlement Officer. These will be treated as enclosures. They will be treated as enclosures along with Survey Nos. 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41 and 42 and demarcated out free from reservation. C. VINAYATA BAO, Forest Settlement Officer. 17th March 1912		

8	Subbegowda, a raiyat of Kadabimbyle.	Do	Represents that about 600 acres have already been taken for the adjoining State Forest of Aramballi and that if sufficient kharab and gomal lands cannot be excluded from the proposed extent for the raiyats' use, begs that they may be allowed to exercise the rights and privileges regarding grazing, fuel and materials for agricultural implements and soppu for manure purposes	..	This village contains a lot of lands which are excluded from the reserve in which the raiyats can enjoy free grazing etc. The present line may be made to run in a straight line a little farther away from the edge of the cultivation avoiding too many zig-zags and the rest of the cultivated lands now situated inside may be treated as enclosures by leaving 20 chains all round as grazing ground etc	The village of Kadabimbyle has already contributed as many as 590 acres of lands to the Aramballi State Forest. It is now proposed to include 717 acres in the Mandandurgudda reserve leaving to the village 1961 acres for the raiyats' requirements and this extent is more than sufficient. As the line runs close to some cultivated lands it has to be shifted away from them. It will be drawn 1 chain deviated at a point about 2 chains north from the north-eastern corner of Survey No. 47 and made to run south-west along the halla till it meets the bigger halla, then along the latter halla then down the east side of Survey No. 63 then along the portion of the west side of Survey No. 69 and then along the west sides of Survey Nos. 68 and 67. Surveys Nos. 104, 105 and 106 which form a coffee estate will be treated as enclosures with a margin of 3 chains on the south side of the same. As Survey No. 41 is not proposed for the reserve the same will be excluded. As some of the hamlets and lands cannot be excluded from the reserve the same will be demarcated at five from reservation and formed into an enclosure with sufficient grounds for grazing and other requirements of the raiyats concerned. The boundary line of the said enclosure will commence at the point where the road leading to the coffee estate (Survey Nos. 104 to 106) crosses the halla then run westwards along the said halla for 10 chains, then south-west for about 12 chains, then south for 9 chains till it crosses the halla, then south-east for about 7 chains, then south and east along the village boundary to a point at 16 chains north from the hamlets of the westernmost corner of Survey No. 63 then south-east through the said survey number for 53 chains till it meets the common boundary of Survey Nos. 61 and 69. The eastern boundary of the enclosure will be along the halla to the point where the northern boundary line of Survey No. 96 cuts it and then along the northern and eastern boundary lines of Survey No. 56, to the point where it meets the demarcation line.
9	Do	12th Mar. 1912	Requests that right of way to the cart-track leading to Madabur Coffee estate through Survey Nos. 105, 106 and 49 and to that leading to Alandur, in addition to the foot path branching from Yedashalli, Mandagadde high road and leading to Banaga may be admitted	..	Right of way to (1) the cart-track leading to Madabur estate and shown in the village map (15 feet wide) will be admitted for men cattle and carts all the year round and to the undermentioned foot path shown in the village map (vide claim 6)

10	Subbegowda, a rayat of Kadabimbyle.	19th Mar. 1912	States that there is the temple of Ramadevaru in Survey No 36 and prays that this may be treated as an enclosure with a camping ground, as a jatra takes place there.	.	.	(2) Foot path 6 feet wide branching from Mandagadde-Yedahalli high road and leading to Banagi. (3) Foot path from Yedahalli Mandagadde high road to Alandur (6 feet wide) (4) Foot path 6 feet wide from Banagi to Neralkoppa. C VENKATA RAO, Forest Settlement Officer 17th March 1912. The temple of Ramadevaru is included in the enclosure to be formed as ordered above (vide claim 8) C VENKATA RAO, Forest Settlement Officer 17th March 1912.	.	
11	Rudriah, Patel of Badagabye	Do	States that Survey Nos 115, 16 39 and 40 are in the holding of Mr Oliver, and requests that the line may be so deviated as to run from the north west corner of Survey No 41 in a northerly direction to the south east corner of Survey No. 117, so that an adequate extent of kharab lands may be excluded for the rayats' requirements	.	In this village a lot of valuable area has not at all been proposed to be included in the reserve. Therefore the line as it runs, may be confirmed. The villagers have enough lands and a little more to spare to others for exercising their rights and privileges. The line which runs at the edge of cultivation may be made straight by taking the line a little away from it.	The line in the Badagabye village does not call for any modification except where it touches cultivated lands bearing Survey Nos 7 107 109 and 108. It will accordingly be shifted at the easternmost bend of Survey No 3 and then made to run north west for about 27 chains till it meets the western boundary of Survey No 59 at a point about 5 chains north from the north west corner of Survey No 58 then west for about 38 chains till it meets the easternmost corner of Survey No 15, and then south along the east sides of Survey Nos 57 and 56 to the south east corner of the latter survey number. C VENKATA RAO, Forest Settlement Officer. 17th March 1912.	.	

No. R. 3458-61—Pt. 88-13-8, DATED 21ST SEPTEMBER 1915.

12	Do	Do	Requests that right of way to the foot-path shown in the village map may be admitted.		Right of way to the foot-path leading to Malali through Survey No. 3 will be admitted for men and cattle throughout the year. (Width to be 6 feet) (also rule claim 34).	
13	Rudriah, Patel of Shimshu.	Do	States that the line runs at the edge of cultivated lands and requests that it may be shifted from there and so deviated as to run from the north-west corner of Survey No. 23 to the north-west end of his village.		The boundary which runs towards the west of the village may be altered and made to run straight by excluding Survey Nos. 66 and 84, since they are more or less maidan and are more useful to the raiyats as they are very close to the village itself and the rest of the line may be retained as it is.	
14	Manjappa, Patel of Gubbiga.	Do	States that the preliminary demarcation line runs between the Asli and Dakli villages and that it may be shifted so as to run on one side of the Gubbiga village nearer to the hill.		The whole of the dakli village of Sutta has already been excluded from the reserve. The rest of the portion of the village consists mostly of Banjar lands and almost depopulated hamlets and therefore this portion may be treated as an enclosure and sufficient land may be given to the raiyats for grazing their cattle, around the cultivation, i.e., 20 chains. The forest in this village is valuable as it consists of good timber-yielding trees. The boundary may be slightly altered so as to exclude dakli villages of Honagar and Kamanahadlu since the lands situated therein are mostly maidan.	
					As some of the hamlets attached to this village and Soppanbetas as well as cultivated lands situated therein are interspersed in the forest, it is not possible to exclude them from the reserve. The only alternative is to form a block as an enclosure within the reserve and have it demarcated out free from reservation. I accordingly direct that an enclosure be formed, the boundary of which will be as follows — It will begin at the north-east corner of the village and run south-west for about 35 chains to a point where it crosses a jungle stream then south-west for about 75 chains till it meets the north-west corner of Survey No. 5, then south-east through Survey No. 5 for 29 chains to a point 3 chains north-east from the north-east corner of Survey No. 13, then west for 12 chains then south for 10 chains and east for 12 chains to a point about 3 chains from the south-west corner of survey No. 2; then south-east for about 15 chains; then north-east for 47 chains till it meets the easternmost corner of Survey No. 9, and then north-east along the eastern side of Survey No. 81 till it meets the easternmost bend thereof.

About 1,159 acres of the land from this village has been included in the Maggermukki State Forest which was settled by me yesterday. As some of the lands have already been proposed by the Forest Department to be treated as enclosures a block within the reserve will be demarcated out free from reservation and its boundary will be as follows:—

It begins at a point in the northern boundary of the village about 32 chains north-west from the north-east corner of the village, runs south-west for about 39 chains to a point about 5 chains west from the western corner of Survey No. 32; then in the same direction for 31 chains to a point 5 chains west from the south-west corner of Survey No. 42; then south for about 36 chains to a point 3 chains north from the northern-

By the alteration of the forest boundary in this village portions of Survey Nos. 4 and 25 will be excluded for the use of the villagers. 23	Annappa Gowda, Patel of Kanodi.		Do		Represents that the lands up to the hill may be excluded and those lying on the other side taken up for the forest.	...	...	The present line runs along the Kudurgundi river. This may be altered and the line taken along the southern boundary of Survey No. 68 and then a straight line may be drawn to the western corner of Survey No. 86, and then it may be made to join the point about 30 chains from the north-east corner bandh of Survey No. 77. By this shifting the cultivated area will be excluded and the portion left will be free from encumbrances of rights and privileges.	No doubt a very large extent of kharab and gomal lands is still left for the use of the village, but as they are situated on the other side of the big hulla, they are not accessible for the village cattle in the rainy season. It is therefore necessary to exclude from the reserve some lands in the neighbourhood of the majre villages of Hemmoor and Hemmakki. I accordingly shift the forest boundary at its southern most point near the Kudurgundi hulla to the bandh at the first bend in the southern boundary of Survey No 68 from the South-east corner of the same. From there it will run north-east for 39 chains to the south-west corner of Survey No 69; then along its west side and then along west and north sides of Survey No. 86 till it meets the north east corner of the last named survey number, then due north for 43 chains to a point on the northern boundary of the village about 41 chains

			Bellur village			west from the easternmost corner of Survey No. 77 and then along the northern boundary of the said survey number for about 37 chains to a point 5 chains east from the northernmost corner of Survey No. 78. C. VENKATA RAO, Forest Settlement Officer. 17th March 1912. As the preliminary demarcation line touches the edge of cultivated lands bearing Survey Nos. 23 and 24 it has to be shifted farther away. I therefore direct that it be thrown beyond the bandhs on the southern boundary of the village to a point 5 chains from the northernmost corner of Survey No. 78 of Kanodi and taken in a north-westerly direction in a straight line till it meets the junction of the Kudurgundihalla with one of its affluents at a point 16 chains north-east from the north-west corner of Survey No. 23 of Bellur. 24	Annappagowda, Patel of Hattur.	12th Mar. 1912	Represents that the hilly portion may be included in the forest and the remaining lands left for the use of the raiyats.		Instead of following the river as it now runs, the line may be altered so as to exclude almost all the area under cultivation. It may be made to run as is now marked in the map. By so doing a lot of maidan which is now included will be excluded and made available for free grazing, etc.	Instead of treating Survey Nos. 8, 9, 10, 11, 6, 3, 7, 5, 69, 80, 61, 63, 1, 2, 20, 21, 55, 66, and 57 as enclosures as proposed by the Forest Department, I would exclude them from the reserve altogether by deviating the demarcation line. I accordingly direct that it be made to run at right angles from the south-west corner of Survey No. 58 along its south side for a distance of 35 chains; then north-east in a straight line for 59 chains till it meets the south-west corner of

It is proposed to treat Survey Nos. 1, 2, 3, 4, and 6 as enclosures. The village is situated close to these lands as also the village tank besides, an extent of 56 acres to the north of Survey Nos. 1, 2 and 3 is ascertained to have been given out for cultivation to one Manjappa some years ago. I would exclude the village and the lands referred to above in addition to some grazing lands to the south and north of village for the use of the ryots. the river and the hilla in the rainy season, the raxvats have to go to the lands proposed to be included in the reserve for grazing their cattle and for obtaining fuel and materials for agricultural implements. Being that these privileges may be continued to the villagers by excluding adequate lands for the exercise of their rights.

31 Sidd-govda, Patel of Nerlakoppa Do

Represents that as the whole of the village Nerlakoppa is included in the block, the raxvats require for exercising their communal rights a block of land having its western boundary line running from the northeast corner of Survey No. 31 to the northeast of Survey No. 30. Hence is therefore, this portion of the forest may be excluded.

line may run straight reserving the timbered portions on either side of the hill which runs in the middle of the dable village of Koudag. The rest of the reserve line may be retained as it is

lands of the village. These lands will have to be avoided also. I accordingly direct that the line be deviated at the bend of the Kundurgundi hall opposite to the southeast corner of Survey No. 10 and taken in a north-easterly direction in Survey No. 62 for a distance of 60 chains till it meets the north-west corner of Survey No. 93; then along the west sides of Survey Nos. 53 and 92 to the south-west corner of the latter survey number and then along the west side of Survey No. 78 to its south-west corner.

Right of way to the foot-path leading to Mulandur is admitted *inter alio* claim No. 20.

C. VENKATA RAO,

17th March 1912.

The whole of Nerlakoppa may be treated as an enclosure having a margin all round to serve as grazing ground, etc., so that the rest of the area may be free from rights and privileges.

The whole of Nerlakoppa has been proposed to be included in the reserve, and there is no alternative but to treat the village site, the cultivated lands and some lands suited for providing pasturage, oppin, fuel, etc., to the raxvats concerned as an enclosure within it. I accordingly direct that an enclosure be formed within the block with the following boundary —

It will begin on the northern boundary of the village at the north east corner of Survey No. 21 run along the said northern boundary for 31 chains, then south in a straight line for about 77 chains to a point on the north side of Survey No. 16 about 10 chains north east from the north-west corner of Survey No. 16, then south-east in a straight line for about 66 chains through Survey No. 16 to a point on its eastern boundary about 99 chains north from the south west corner of Survey No. 10 and then north-east through the latter survey number for about 75 chains to a point on its east side about 26 chains south east from the south-east corner of Survey No. 12.

As Survey No. 31 is also proposed to be treated as an enclosure, it will be demarcated out free from reservation. Right of way to it will be along a foot-path leading from Survey No. 12 through Survey No. 16.

Claim admitted. The temples and the tank lie in the enclosure formed as ordered above in this village. C. VENKATA RAO, Forest Settlement Officer, 17th March 1912. <i>Vide</i> claim 32.		
33	Do	Do	States that Survey No. 34 is a tank which irrigates Survey Nos. 23 and 25, etc., and that the Mavinkere halla is the feeder to the said tank, and prays that the same may be excluded from the reserve.					
34	Do	Do	Requests that right of way to the foot-paths shown in the village map may be admitted.			Right of way to the foot-path from Neralakoppa to (1) Kadabinbyle, (2) to Mavinkere and (3) to Alandur will be admitted for men and cattle throughout the year. These fall in the enclosure. Right of way to the foot-path leading to Badagabyle will be admitted for men and cattle throughout the year width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer, 17th March 1912		
35	Shantappa, member of the Yedahalli Municipality, the District Board as well as the Representative Assembly.	Do	Represents that the residents of Yedahalli have been from time immemorial obtaining fuel, for boiling purposes and bamboos for fencing and other purposes from the District jungle within the limits of Simse, Badagabyle, Gubbaga, and Kadabinbyle and that if the lands of the above villages are included in the State Forest there will be no district jungle left for them and therefore prays that sufficient land may be excluded from the reserve to meet their requirements.			The representative of the Yedahalli Municipality represented that the residents of Yedahalli have been from time immemorial obtaining fuel, for boiling purposes and bamboos for fencing and other purposes from the district jungle in the limits of Simse, Gubbaga, Badagabyle and Kadabinbyle and that consequently a large extent of lands may be excluded from the proposed area to meet their requirements. In my perambulations I have seen a large extent of district jungle situated on either side of the Yedahalli-Mandagadde road, Yedahalli-Koppa road, and Yedahalli-Balehonnur road available for the use of the inhabitants of the Yedahalli Town. Besides this jungle, a large extent of lands has been excluded from the reserve in the villages mentioned above for the rayats requirements. The area of the district jungle thus made available for the use of the rayat population is more than adequate. I accordingly reject the claim advanced by Mr. Shantappa, the Municipal member. C. Family Remittances to England.

No. FL. 1390-438—G. F. 74-14-2, DATED 18TH SEPTEMBER 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

READ—

Government Order No. 9946—G. F. 453-92, dated 23rd December 1893, laying down the rules under which officers of Government may take family remittances to England at the privileged rate of 1 s. 6 d. the rupee.

2. Letter No. 4535—B. R. 657, dated 14th December 1914, from the Comptroller to Government, suggesting a more detailed certificate in place of the one prescribed by the above order to the effect that the amount proposed to be remitted is for the support or education of the members of an officer's family dependent on him.

Order No. FL. 1390-438—G. F. 74-14-2, dated 18th September 1915.

The concession referred to above is intended to apply only to remittances made by officers for the support or education of the members of their family, and a certificate in the following form is required to be entered on each application for remittance :—

"Certified that the remittance desired is *bona fide* for the support (or education) of members of my family dependent on me in England."

2. The Comptroller proposes to introduce in lieu of this certificate, a more detailed one requiring fuller information. There is some doubt whether the restricted character of the concession above referred to has been always well understood, but Government do not consider it quite expedient to prescribe a detailed certificate which may be regarded as inquisitorial. They would however draw the attention of all concerned to the limited purposes for which this concession is sanctioned. Government are also pleased to lay down the following supplementary rules to prevent possible misunderstanding about the concession :—

(1) An officer should apply for family remittances at the privileged rate under the conditions laid down in the Government Order of 23rd December 1893, only when such remittances are actually required for the *bona fide* support or education of the members of his family entirely dependent on him.

(2) The term 'family' includes 'the officer's wife, his legitimate children and step children residing with and wholly dependent on him; and also his parents, sisters, nephews and brothers if wholly dependent on him.'

(3) In the application for a family remittance the names of the particular member or members of the family for whose support or education the remittance is desired and their relationship to the officer should be entered.

(4) Remittance at privileged rate is admissible only when such member or members actually reside out of India in a country with gold coinage.

(5) The amount remitted cannot ordinarily be considered as required for expenditure on an authorised purpose unless it is intended to be spent within a reasonable time which may for the present be taken as three months.

3. In cases where the Comptroller has reason to fear that the foregoing principles are not observed he will bring the case to the notice of Government.

- 2 Letter No. 7729—Loans 1139, dated 25th May 1914, from the same officer, submitting the statements of Land Improvement and Takavi loans for the year 1912-13

Order No. FL. 1156-65—G. F. 178-13-2, dated 3rd September 1915.

Loans to Encumbered Jaghirdars.—The Comptroller's statement shows that, during the year 1912-13, the recoveries on account of loans to encumbered Jaghirdars amounted to only Rs. 12,447-8-8 and that at the end of the year sums of Rs. 57,906-11-8 and Rs. 60,785-5-8 remained outstanding on account of overdue instalments of principal and interest.

2. In the case of most of these loans the recoveries effected were much less than the amounts contemplated in the orders sanctioning the loans. The only instances in which a near approach was made to the prescribed amount were the cases of Messrs. Agrahar Nanjaraj Urs and Devaraja Urs and Messrs. Srinivasa Rao and Venkatesiah.

3. In the cases noted below there were as usual no recoveries towards the principal during the year, the small amounts recovered being credited towards interest due :—

- (i) Loan to the members of the Nandagudi Family.
- (ii) Loan to Mr. Siddaraj Urs and Krishnajammanni.
- (iii) Loan to Mr. Annoo Rama Rao.
- (iv) Loan to Mr. Bakshi Basappa Urs.

It is therefore necessary to consider the question of arriving at a satisfactory method for the liquidation of these loans. The matter will receive attention.

4. A small amount of Rs. 3,850-2-6 has been recovered so far towards the repayment of the principal amounting to Rs. 2,80,000 granted to the late Mr. D. Devaraj Urs. A satisfactory method of getting this loan settled early is engaging the attention of Government.

5. The loan granted to Mr. T. Srinivasa Rao and Kesaviah has been completely repaid, but the loan account has not been closed and shows an excess recovery of Rs. 144-15-3. The Comptroller should take steps to have the difference settled early in consultation with the Deputy Commissioner, Hassan District.

6. The loan account of Mr. A. C. Devaraj Urs, which shows a small balance remaining at the end of the year, has since been fully adjusted and the account closed.

7. *Special Loans.*—Of the loans under this head the one granted to Mr. B. Venkata Rao was adjusted in accordance with Government Order No. R. 2785-6—Agri. 155-11-2, dated 20th November 1912, directing its being written off. Recoveries have been made, both towards principal and interest, in almost all cases, though in some instances only a portion of the instalments due was recovered.

No. FL. 1156-65— G. F. 178-13-2, DATED 3RD SEPTEMBER 1915.

8. *Loans to Agricultural Banks.*—The amount due up to the end of the year 1912-13 was Rs. 8,72,422-10-5, towards principal and Rs. 4,16,966-14-6, towards interest. Out of these, Rs. 7,01,792-15-5 and Rs. 3,51,096-15-6 were recovered towards the respective items, up to the end of June 1913, leaving a balance of Rs. 1,70,629-11-0 as principal and Rs. 65,869-15-0 as interest, yet to be recovered.

9. *Other Loans.*—The only loan account shown under this head, *viz.*, that of Davud Sab of Mysore, shows a balance of Rs. 3,410-15-1. This has since been fully adjusted by recovering a portion and remitting the balance as per Government Order No. FL. 6403-4—G. F. 11-14-6, dated 8th May 1915.

10. *The Mysore Weavers' Line Account.*—As already observed in the review of the loan statements for 1911-12, the amount outstanding under this item has been ordered to be written off the accounts.

11. *Advances during the famine of 1891-92.*—The balance on 1st July 1912 of Rs. 5,279-13-4 continued unaltered during the year. Its adjustment is under correspondence.

Provident Fund Rules.

No. FL. 1301-50—B. 53-15-2, DATED 16TH SEPTEMBER 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 129, dated 3rd August 1915, from the Deputy Commissioner, Mysore District, seeking instructions as to whether Rule 2 of the Provident Fund Rules, which makes it obligatory for certain persons who have not insured in the State Life Insurance to subscribe to it, applies only to cases occurring in the future or applies to persons now in service who are past the age for insurance or are declared ineligible for insurance by a Medical Officer and whether in the latter case a person who has insured in the State Life Insurance on a portion of his present pay is to subscribe to the Provident Fund on the whole of his pay or on the difference between his present pay and the pay on which he has effected insurance.

Order No. FL. 1301-50—B. 53-15-2, dated 16th September 1915.

Subscription to the Provident Fund is optional in the case of all officers who were in the service of Government on the 1st July 1915 whether they had insured in the State Life Insurance or not, as Government consider it inexpedient to make it compulsory in the case of those who entered the service when the fund was not in existence. It will also be optional in the case of officers entering Government service after that date if they insure their lives in the State Life Insurance even if it be only on a portion of their pay. It will be compulsory only in the case of those permanent officers who join the service after 1st July 1915 and are unable to insure their lives in the State Life Insurance on any part of their pay.

2. Rule 2 of the Provident Fund Rules is accordingly revised and will read in future as follows:—

Rule 2. Subject to the exception noted below subscription to the Fund will be optional:—

Exception.—It will be compulsory in the case of permanent officers of Government entering the service after 1st July 1915 who are unable to insure their lives in the State Life Insurance on even a part of their pay owing to over age or certified ill health.

Note.—Subscribers must enter into an agreement to be bound by all these rules and any alterations that may be made in them from time to time.

(3) Letter No. 91, dated the 24th July 1915, from the Deputy Commissioner, Mysore District, forwarding copies of the notes of inspection by the Deputy Sanitary Commissioner, on the towns and villages in the Nagamangala and Mandya Taluks, received with the Sanitary Commissioner's letter No. 2486, dated 28th November 1914, together with the remarks of the Municipal Boards of Nagamangala and Mandya concerning the same.

Order No. 1960-77—ML. 67-15-2, dated 8th September 1915.

Government observe that generally most of the matters dealt with in the notes of inspection are such as can be attended to by the local bodies concerned without the intervention of Government and therefore do not require their orders.

2. In modification of the orders read above, Government are pleased to direct that in future only such matters as cannot be fully dealt with by the local bodies concerned without reference to Government need be reported to them by the Deputy Commissioner concerned after the matters are considered by the local bodies in their meetings.

3. A separate paragraph should, however, be devoted in the annual Municipal and District Fund Administration Reports to indicate in general the several suggestions made by the sanitary authorities from time to time during the year under review and how far those suggestions were carried out by the local bodies concerned together with a brief explanation, if any, are not attended to.

**DRAFT RULES REGARDING THE GRANT OF REFUNDS UNDER
MUNICIPAL FUND.**

I. Refunds may be of the following kinds :—

- (a) Refunds of Octroi on re-export of imported goods.
- (b) Refunds of all taxes and fees levied and credited as revenue.
- (c) Refunds of surplus proceeds of property distrained and sold or of impounded cattle sold.
- (d) Refunds of deposits.
- (e) Refunds of lapsed deposits.
- (f) Refunds of other items credited to Municipal Fund.

II. Refunds of Octroi will be made in accordance with the rules contained in the Municipal Account Manual Rules 134 to 152 and all refunds of other items of revenue may be made by Municipal Councils in the case of Regulation Municipalities and by the Deputy Commissioners in the case of Non-Regulation Municipalities in accordance with the following rules. Refunds not covered by these rules require the sanction of Government.

III. Municipal Councils may delegate the powers of sanctioning refunds of small amounts not exceeding Rs. 5 in any individual case to their Presidents or Vice-Presidents.

IV. Before sanctioning a refund the sanctioning authority should, besides seeing that the original credit is traceable in the accounts and that the claim is in order, satisfy itself by reference to the original credit entry in the accounts that the amount has not already been refunded.

V. As soon as the refund is made the payment should be noted against the original credit to guard against a second payment and the original credit shall be traced in the demand and collection register also and a note made in the remark column against it of the refund and the number and date of the payment voucher. The actual payment of the refund will, in the ordinary course, be brought to account directly in the general cash book (*vide* Rule No. 89, Municipal Account Manual).

VI. Every order of payment of a refund shall be written on a bill in the prescribed form and signed by the President or Vice-President.

VII. No claims for refund of any sum paid to any municipal body on account of any tax other than Octroi shall be entertained when the refund is to be made at the option of the municipal body unless application therefor is made in writing to the Vice-President within twelve months of the receipt of the amount. As soon as a refund is sanctioned notice of such sanction should be given in writing to the claimant to receive payment within three months of the receipt of the notice and no sum shall ordinarily be refunded unless the person entitled to it applies for payment within that period. Refunds of taxes, etc., which have to be made on grounds of excess or double payments, illegal payments, etc., may be made if the claims are preferred within the period of limitation allowed by Law.

VIII. Refunds on account of vacancy, of the tax on buildings and lands paid in advance, shall be sanctioned only if a notice of vacancy is received in the Municipal Office.

IX. Where the tax due in respect of any vehicle or animal has been paid for any half-year, the owner or the person in charge thereof shall be entitled to a refund of the sum paid :—

- (1) If he has owned or been in charge of the vehicle or animal only for not more than thirty days in the half-year.
- (2) If the vehicle has been under repairs or standing at a carriage-maker's or a cycle dealer's during the whole of the half-year.
- (3) If the animal has been during the whole of the half-year in any institution for the reception of infirm or disused animals or if the animal certified by the Veterinary Surgeon to have been unfit for use has not been used during the half-year.

Provided that due notice in writing shall have been given to the Municipal Council or Board of the vehicle or animal having been disposed of or having ceased to be used.

X. Refunds of surplus proceeds of property distrained and sold will be made in accordance with Sections 79 (5) and 84 (3) of the Municipal Regulation.

XI. Refunds of surplus sale proceeds of impounded cattle will be made if the claim is preferred and established within three months in accordance with Section 17 of the Cattle Trespass Act. (*Vide* Rules 229 and 230 of the Municipal Account Manual.)

XII. Refunds of deposits may be made at any time before they are transferred to the head of lapsed deposits.

No. 2110-20—Mt. 119-14-4, DATED 11TH SEPTEMBER 1915.

XIII. Refunds of lapsed deposits may be made as a matter of course on ascertaining that the amount was really received, was carried to credit as lapsed and is claimed by the person who might have drawn it any time before the lapsed, or by his legal representatives.

XIV. Refunds of other items may be made if the claim is preferred within the period allowed by Law.

Recruiting Parties.

No. G. 3004-5 -Mily. 53-15-2, DATED 2ND SEPTEMBER 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE
MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 4717, dated 6th July 1915, from the First Assistant to the Hon'ble the Resident in Mysore.

It has recently been reported to the Government of India that the Durbars of certain Native States have despatched recruiting parties, on behalf of their Imperial Service Troops, into districts in British India without any previous intimation either to the Local Government concerned or to the District authorities. The Government of India attach importance to the principle that Imperial Service Troops should, so far as possible, be State Troops proper, *i.e.*, contingents recruited from among subjects of the State concerned. If, however, for any special reason, such as for example, the existence of a colony of Native State subjects in a British District, it is proposed to conduct recruiting operations in British Territory, it is desirable that information should invariably be sent before hand to the Magistrate of the District concerned through the Political Officer of the State, and that such information should include the date and place of the proposed visit, together with particulars of the recruiting party.

2. It would also be convenient that a similar procedure should be followed in the event of recruiting parties being sent into British territory by the Durbar on behalf of their State Troops other than those allotted for Imperial Service.

Order No. G. 3004-5—Mily. 53-15-2, dated 2nd September 1915.

Government Order No. G. 799—807-19 of 1903, dated 11th August 1904, fixing 1½ annas in maidan and annas 2 in malnad as the rate of hire payable on carts supplied to the Military authorities.

Order No. G. 3386-3435—G. M. 226-14-12, dated 11th September 1915.

From the reports of the Deputy Commissioners, it is clear that owing to considerable rise in the prices of food grains and fodder in recent years, the rates of hire fixed in the order read above are inadequate and that consequently much difficulty is experienced in securing carts. Government are accordingly pleased to direct that these rates be enhanced to 2 and 2½ annas per mile in the maidan and malnad tracts of the State respectively.

Civil Furlough Pay.

No. G. 4213-64—G. M. 158-15-4, DATED 23RD SEPTEMBER 1915.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.**GENERAL AND REVENUE DEPARTMENTS.**

Letter No. H. 7288, dated 23rd—25th August 1915, from the Secretary to the Government of India, Army Department, to the Adjutant-General in India.

I am directed to refer to Army Department letter No. H. S.—496, dated the 1st March 1915, and to say that the Government of India have decided that the Civil furlough pay admissible to civilian servants of Government while in temporary military employ out of India during the war will be paid under instructions of the Field Controller of Military Accounts of the several Indian Expeditionary Forces overseas and included in the Field Force Accounts, in accordance with the procedure laid down in Finance Department (Military) letter No. 430—Accounts, dated the 3rd May 1915. When the Civil furlough pay is required to be paid in India, arrangements will be made by the Field Controller concerned for payment to be made by the Controller of Military Accounts of the Military Divisional Area in which the officer was serving prior to his transfer to Military duty. Such payments in India will be treated in the Field Accounts as allotments and deducted from the total civil and army remuneration admissible to the officer, see item 3 B (3) of Form I attached to the Finance Department letter quoted above.

In cases where the Civil furlough pay is required to be paid at Home, the Field Controller concerned should make the necessary arrangements in communication with the India office.

Memo No. G. 4213-64—G. M. 158-15-4, dated 23rd September 1915.

A copy of the foregoing letter is forwarded to the Deputy Commissioners of Districts and Heads of Departments for information in continuation of this office No. G. 13252-99, dated 27th May 1915.

12. The Committee of Trustees to have power (subject to the sanction of His Highness' Government) to alter the number, terms or amounts of scholarships, if necessary, so as to advance the object in view, namely, to encourage the study of English and thereby the study of Modern Literature, Science and Religion by men who are already proficient in the Ancient Sanskrit Literature.

13. Any of the donor's descendants may at any time augment the fund alluded to above, in order to raise the number, terms or amounts of the scholarships, or to utilize the surplus of its interest for promoting the object of this charity.

ANNEXURE I.

READ—

The following letter and its enclosure, dated 6th July 1893, from Mr. C. Subba Rao, Retired Deputy Commissioner, Mysore, to Sir K. Sheshadri Iyer, K.C.S.I., Dewan of Mysore.

I have the honor to state that as I consider that granting scholarships in Mysore for encouraging the study of English and thereby the study of Modern Literature, Science and Religion by men who are already proficient in Sanskrit would afford a useful stimulus to the cultivation of the ancient literature and to the development of good taste and refinement in this Province, I beg to offer to His Highness the Maharaja's Government a sum of Rs. (10,000) ten thousand. I shall feel much obliged if you will be kind enough to accept this sum to be paid in two instalments and order the same to be deposited in the said Government Treasury at 5 per cent interest in the name of the charity, and that its interests be applied to the carrying out of the above object as per rules of which a rough draft is hereunder annexed.

DRAFT RULES.

12. The Committee of Trustees to have power (in consultation with me during my life time and always subject to the sanction of His Highness' Government) to alter the number, terms or amounts of scholarships, if necessary, so as to advance the object I have in view, namely, to encourage the study of English and thereby the study of Modern Literature, Science and Religion by men who are already proficient in the Ancient Sanskrit Literature.
13. I or any of my descendants may at any time augment the fund alluded to above, in order to raise the number, terms or amounts of the scholarships, or to utilize the surplus of its interest for promoting the object of this charity.

No. 12217-22—G. F. 59-93, DATED BANGALORE, 27TH JANUARY 1894.

ORDER THEREON.—The best thanks of the Government are due to Mr. C. Subba Rao for the liberal offer made in his letter above quoted, to found certain scholarships for the special encouragement of English education among classes who have hitherto confined their exclusive attention to the study of Sanskrit. The Government have much pleasure in accepting his offer. The draft rules submitted by him for the management of the fund and the award of scholarships are approved, with the reservation that he may hereafter propose for the orders of Government any modification he may consider desirable.

2. The interest on the fund, at the favorable rate of 5 per cent per annum, which the Government give in such cases, will amount to Rs. 500 per annum, equivalent to Rs. 41-10-8 per mensem, and it may perhaps be desirable hereafter to add a fourth scholarship. This point will be reserved for further consideration if Mr. Subba Rao desires.

3. The Officers named in the margin will be requested to form themselves into a Board of Trustees, together with Mr. Subba Rao, to carry out the object of this charitable foundation in the most effective manner possible, so as fully to carry out the highly laudable object which he has in view.

1. The Dharmadhikaris or other Pandits managing the Mysore Sanskrit College.

Government Order No. 6590-2—Edn. 82-12-4, dated the 30th December 1913, sanctioning among other things the revision of the scale of Inspecting Officers of the Education Department.

2. Government Order No. 34-44—Edn. 374-13-2, dated the 2nd July 1914, passing orders indicating the object and scope of the operations required for the improvement of Primary Education in the State.

Letter No. 15664—702, dated the 18th March 1915, from the Inspector-General of Education in Mysore, submitting proposals for strengthening the inspectorate with a memorandum giving detailed information in the matter.

*(Printed as an annexure.)

Order No. 1556-8—Edn. 156-14-2, dated 29th September 1915.

The revised scale of the Inspectorate as sanctioned in Government Order No. 6590-2—Edn. 82-12-4, dated the 30th December 1913, read above provides for twenty-six Inspecting Officers at an average cost of Rs. 4,983½ per mensem consisting of two Circle Inspectors, one Inspectress, nine District Inspectors and fourteen Assistant Inspectors. The expansion of Primary Education on a large scale including the scheme of compulsory education introduced into some parts of the State has resulted in the opening of several new schools. One thousand aided schools were sanctioned in Government Order No. 12022-4—Edn. 304-13-3, dated the 30th May 1914. The programme of work includes the opening of several Government and aided schools in future, and necessary provisions have been included in the budget of 1915-16. The efficient control and management of all the schools requires an increase in the number of the Inspecting Officers.

2. The proposals of the Inspector-General of Education include the following additional appointments:—

1. One District Inspector of Education for Hindustani Schools on Rs. 175.
2. Two Assistant Inspectors on Rs. 150 each.
3. Three Assistant Inspectors in grade Rs. 75—10—125, and
4. Six Assistant Inspectors in grade Rs. 50—4—70.

3. The Inspector-General of Education has also proposed to revise the scale of pay of the clerical and menial staff of the inspectorate.

4. These proposals are sanctioned as shown below:—

ANNEXURE.

Memorandum by the Inspector-General of Education on the inadequacy of the existing inspecting staff of the Education Department and proposals for strengthening the staff.

It was nearly ten years ago that Government in their Order No. Fl. 678-9, dated 22nd July 1905, sanctioned a reorganization of the inspectorate strengthening it by the appointment of two Circle Inspectors and of eight additional Assistant Inspectors. Of the latter, one was deputed to supervise Sanskrit Education, one was assigned to Urdu Schools and the rest were allocated for Kannada Schools. These additions did, no doubt, afford some relief to the inspectorate which had been for years overburdened with work. But the subsequent expansion of the department has been so great that now the need for further strengthening the inspecting staff is felt more keenly than it was ever before. The subjoined tabular statement shows the increase of work among the members of the inspecting staff since the last revision in 1905.

Inspecting staff	Number of institutions in charge of officers at the time of revision in 1905	Number of Inspecting Officers for the district or circle	Number of institutions at the end of 1913-14

The figures of 1905 gave an average of 92 schools for each Inspecting Officer which was considered normal and which afforded opportunities to these officers to improve and develop education. Taking the figures at the end of 1913-14, we find that the average advanced from 92 to 154.

2. During the last triennium, as a result of the forward policy inaugurated by His Highness' Government, the progress of Education in Mysore has been very rapid. Collegiate Education has been developed and Honours Courses have been provided in the two Colleges. Secondary Education has taken a new shape after the introduction of the Secondary School-Leaving Certificate Scheme, under which the appraisalment of school-work has added to the responsibilities and labour of the Circle Inspectors. Technical and Industrial instruction or training is being developed, on improved lines. The Elementary school courses are taking a practical turn. To reduce or diminish illiteracy among the masses, a system of Compulsory Education has been brought into force and a scheme for adult education has been recently sanctioned. A proposal for imparting education through the agency of itinerant teachers is under the consideration of Government. Besides, a programme of work has been mapped out so as to open during the next three years about 4,000 new schools, 2,500 being aided and 1,500 Government, and this programme has been approved in Government Order No. 34-44—Edn. 374-13-2, dated 2nd July 1914. From the beginning of July last 962 out of 1,000 aided schools sanctioned in Government Order No. 12022-4—Edn. 304-13-3, dated 30th May 1914, have been started and proposals to open a number of Government schools have been submitted to Government. Passed men are cheerfully coming forward to accept teachers' places on Rs. 7 and even less in aided schools, seeing that their remuneration is supplemented by contributions from the villagers.

3. The introduction of a Grant-in-aid system on any large scale postulates a thorough inspection of all institutions brought under it. Unless adequate inspection is provided for, there can be no confidence in the propriety of the expenditure or in the real progress of education. It is therefore

No. R. 1556-8—EDN. 156-14-2, DATED 29TH SEPTEMBER 1915.

necessary to strengthen the Inspecting agency which at present is not able to meet the actual requirements of the Department.

4. From the table above given, it will be seen that there are at present two Circle Inspectors, nine District Inspectors of Education and 14 Assistant Inspectors of Education, of whom one inspects Sanskrit Schools in the State as well as Kannada Schools in the Hassan District. Leaving out the two Circle Inspectors who have not merely to inspect but also to supervise, there are 23 officers to check the work of as many as 3,824 schools excluding the 20 High Schools, 11 Normal Schools and Students' Homes. This gives about 166 schools for each inspecting officer. If inspection is to be efficient no officer should have generally more than 100 schools. He has not only to inspect these schools regularly, but also to pay subsequent visits to a large number of them. Moreover it is desirable that he should also be able to devote a portion of his time to the investigation of the educational needs of his District or Range.

5. With these objects in view, I have formulated my present proposals which I now submit for the sanction of Government. The number of Circle Inspectors may remain as at present at two, but an increase of one in the number of District Inspectors is needed for the charge of Urdu Schools.

At present there are 432 Hindustani Schools in charge of three permanent officers the Inspector of Education for Hindustani Schools having 159 schools in his direct charge, the Assistant Inspector of Education for Hindustani Schools, East Circle, having 169, and the Assistant Inspector of Education for Hindustani Schools, West Circle, 104. Under the existing system, the single District Inspector of Education for Hindustani Schools is held responsible for maintaining the efficiency of all the Urdu Schools throughout the State. The scheme has not worked satisfactorily in that the Inspector finds it almost impossible, without neglecting the schools in his own charge, to visit the schools in the ranges of his two Assistants. The congestion of work in his own office has also become so great that all Urdu papers received by him from teachers are not being registered and attended to in time. Having regard to the interests of Urdu Education and in view of the large number of Hindustani Schools which have increased—from 287 in 1906, when an additional Assistant Inspector was appointed, to 432 now—I think it is necessary that there should be an additional District Inspector of Education for Hindustani schools in the last grade of Rs. 175, so that there may be one for each Circle. All the officers, the two District Inspectors of Education and the two Assistant Inspectors, will have full work, each having to control and inspect more than 100 Urdu Schools scattered over a wide area. Mr. H. J. Bhabha in his Memorandum on the re-organization of the Inspectorate submitted to Government with his letter No. 6907-453 of the 2nd February 1905 also preferred to have a Deputy Inspector of Hindustani Schools for each Circle, but being unable to find a suitable Mahomedan graduate at the time for the post, he contented himself with having only an Assistant Inspector. Now that a Mahomedan graduate can be had, I beg to renew the proposal for the kind sanction of Government.

6. Next, taking the Assistant Inspectors there are at present 14 permanent, of whom 11 are for Kannada Schools, one for Sanskrit Schools and two for Hindustani Schools. There is also a temporary Assistant Inspectress for the inspection of the Urdu Guls' Schools. Leaving out the Assistant Inspectress who was appointed only a year ago, the number of Schools inspected by the permanent Assistant Inspectors on an average per annum in the last quinquennium was 128, the number of pupils examined 3,935, the number of days on tour 181, and the number of miles travelled 2,124. In the current official year, nearly a thousand Primary Schools have already been started and the total number may be expected to reach about 1,200 before the close of the year. The increase in the number of pupils at the close of the last official year in the Primary Schools was 21,886 and the increase before the close of the current official year may be safely expected to reach 50,000. With the special impetus now given to education, the increase in the next two or three years, both in the number of schools and in the number of pupils is likely to exceed all modest calculations. I therefore propose an increase of 11 in the number of Assistant Inspectors.

7. There are at present nine Assistant Inspectors in the grade 75-10-125 and five in grade 50-4-70. The eleven new Assistant Inspectors may be placed in the following grades:—

Two Senior Assistant Inspectors on	...	...	Rs. 150 each
Three Assistant Inspectors in grade	...	...	75-10-125
Six do do	...	...	50-4-70

The new Assistant Inspectors are to be allotted to the eight districts as follows:—

Bangalore District	...	...	2

Tumkur District	...	...	3
Kolar District	...	...	1
Chitaldrug District	...	...	1
Hassan District	...	...	1

11

The two Assistant Inspectors on Rs. 150 each are intended for the large Cities of Mysore and Bangalore, there being at present 78 schools in the former and 60 in the latter. Under the Compulsory Education Scheme a larger number of schools are wanted and proposals are already before Government. In addition to the schools in the cities these officers will have charge of schools in Kasaba Taluks also, the Bangalore Taluk containing 68 schools, while that of Mysore 20 schools. For some time to come these officers may also be entrusted with the functions of Attendance Officers under the Compulsory Education Regulation.

No. 1556-8—EDN. 156-14-2, DATED 29TH SEPTEMBER 1915.

8. Next, as the regards the distribution of the several educational institutions under the direct charge of the several inspecting officers, the time has come for restoring to the control of the District Inspectors whose status and pay have been recently raised, all the Anglo-Vernacular Schools in their several districts. Experience has shown that the Circle Inspectors whose charge consists of four districts are, especially after the introduction of the School-Leaving Certificate Scheme, able neither to complete the regular annual inspections of the Anglo-Vernacular Schools in their direct charge nor to exercise that close supervision which these schools staffed as they are by masters of limited attainments and drawing very modest pay, require. To complete the inspection of the Anglo-Vernacular Schools, the Circle Inspectors, it is found, indent upon the services of the District Inspectors, much to the prejudice of the regular work of the latter. In these circumstances, a better course seems to be to make the District Inspector primarily responsible for the general education of the pupils in his area up to and inclusive of the Lower Secondary stage. Accordingly I propose the following arrangements:—

(a) The Circle Inspectors of Education to be in direct charge of all High Schools, Normal Schools and Students' Homes and to inspect them at least once every year. They will also reserve for their own inspection in alternate years the Anglo-Vernacular Schools in two of the four districts in their charge thus completing every two years the inspection of all the Anglo-Vernacular Schools in their Circle. According to this scheme the number of schools which each Circle Inspector has to inspect every year, besides visiting other schools will for the present stand as below:—

Schools	The Mysore Circle Inspector	The Bangalore Circle Inspector
High Schools	9	11
Normal Schools	1	3
Students' Home	3	4
Anglo-Vernacular Schools (excluding those in Bangalore and Mysore Cities which are placed in charge of the Senior Assistant Inspectors) ...	32	25
Total ...	45	43

(b) The District Inspectors are to control and inspect all Anglo-Vernacular Schools and English Schools, Taluk Vernacular Schools for boys and girls and Taluk and Village Industrial Schools. They will also visit annually for purposes of general inspection, in the Districts of Tumkur, Bangalore and Mysore, one-third, and in the other districts one-half, or such other proportion as may be fixed by the Inspector-General from time to time, of the schools placed in the immediate charge of the Assistant Inspectors. The District Inspector will also inspect such of the Indigenous and Night Schools as apply for annual grants under rule V. D. of the Grant-in-aid Code. The District Inspectors of the Malnad Districts, Shimoga, Kador and Hassan, will continue to be in charge of a prescribed number of rural schools, till other schools increase in number in these districts. The following table shows the number of schools to be in the direct charge of all the District Inspectors except the Hindustani District Inspectors:—

Inspecting Officers	Anglo-Vernacular Schools	Taluk Boys' Schools	Taluk Girls' Schools	Industrial Schools and special schools	Village Indigenous Schools applying for annual grants	Village Elementary Schools	Total
1. District Inspector of Education, Mysore ...	29	16	16	2	38	...	101

Do do Hassan ...	11	10	13	3	7	80	124
Do do Kador ...	7	4	9	...	2	121	143

(c) The Assistant Inspectors to control and inspect generally all Vernacular Village Elementary Schools including those maintaining Lower Secondary Classes, and salary grants schools.

In this connection I may state that I have very carefully considered the suggestion made in Government Order No. 556-7—Edn. 216-10, dated 15th July 1912, to relieve Assistant Inspectors of all but inspection work, and have come to the conclusion that such a course will not only unsettle a long standing arrangement which on the whole has been working smoothly, but will also considerably reduce the responsibility and initiative of these officers who are all generally graduates of some experience and who possess capacity for higher work. Besides, the District Inspectors will have ample work by way of attending to the inspection and improvement of the Anglo-Vernacular Schools which

No. 1556-8—EDN. 156-14-2, DATED 29TH SEPTEMBER 1915.

will hereafter to transferred to them and to the general progress of education throughout their districts. The work proposed to be allotted to the 23 (12 existing and 11 proposed) Assistant Inspectors for Kannada and Sanskrit Schools is set forth in the subjoined table:—

District	Inspecting Officer	Number of schools to be controlled and inspected
Mysore	Senior Assistant Inspector of Education, Mysore City and Taluk	78+20 98

9. As regards the Urdu schools, the redistribution of work among the Inspecting Staff is indicated in the subjoined table:—

11. Turning now to the clerical and the menial establishments of the Inspecting Officers, I have found it necessary to revise them as a whole. The work of the Circle and District Inspectors has grown in importance and volume; and better men are needed for the clerical places than are available at present, so that much of the routine work of the office may be efficiently handled by the clerks and the presiding officer relieved of attending to the minutiae and checking and verifying them as he is obliged to do at present, much to the prejudice and despatch of office work, and to the work of inspection. The review of inspection reports sent by the offices of Circle and District Inspectors is somewhat perfunctory at present and these officers need a capable Head Clerk who can help them in this and other work. I accordingly propose that each Circle Inspector should have five clerks and that the pay of the Head Clerk should be raised from Rs. 40 to Rs. 50 per mensem, while the pay of the other clerks should be Rs. 40, Rs. 30, Rs. 25 and Rs. 20, respectively. There are at present 9 clerks in the two Circle Inspectors' Offices together, 2 on Rs. 40, 2 on Rs. 30, 3 on Rs. 20 and 2 on Rs. 15. A clerk of the Kadur District Inspector's office has been working for the past some years in the Mysore Circle Inspector's Office, but drawing his own pay in the Kadur District Inspector's Office.

The nine District Inspectors have among them 28 clerks and it is proposed to raise this number to 33, giving 4 clerks each to the District Inspectors of Tumkur, Mysore and Bangalore and 3 clerks to each of the remaining District Inspectors including the additional District Inspector for Urdu Schools now proposed. The present rates of pay are 2 on Rs. 25—1—30, 2 on Rs. 25, 2 on Rs. 20—1—25, 3 on Rs. 20, 1 on Rs. 15—2½—20, 3 on Rs. 15, 6 on Rs. 12—1—15, 1 on Rs. 12—1½—15 and 8 on Rs. 10—1—12. The proposed rates are, 3 Head Clerks for Tumkur, Mysore and Bangalore, on Rs. 40 each, and 7 on Rs. 35 for the remaining District Inspectors' offices, other clerks, 3 on Rs. 30, 10 on Rs. 25, 3 on Rs. 20 and 7 on Rs. 15.

The number of clerks for the Assistant Inspectors is proposed to be raised from 28 to 50 in order to provide two clerks for each of the additional 11 Assistant Inspectors now proposed. The present rates of pay are 12 on Rs. 15, 1 on Rs. 12—1½—15, 1 on Rs. 12—1—15, 14 on Rs. 10—1—12. The proposed rates are 25 on Rs. 15 and 25 on Rs. 12.

As regards the menial establishment, the two Circle Inspectors have between them at present 11 menials, 2 on Rs. 8, 8 on Rs. 7 and 1 on Rs. 6. This number may be reduced to 10, giving 5 each, 2 Dafedars on Rs. 8 each, peons 6 on Rs. 7 and 2 on Rs. 6. The District Inspectors have 28 peons, 1 on Rs. 8, 7 on Rs. 7, and 20 on Rs. 6. This number may be raised to 30, giving 3 peons to each District Inspector including the newly proposed Urdu District Inspector. The rates of pay may be 10 on Rs. 8, 10 on Rs. 7 and 10 on Rs. 6. The existing fourteen Assistant Inspectors have 28 menials at the rate of 2 each, all drawing Rs. 6. The eleven new Assistant Inspectors have each to be provided with two menials, which will raise the total number from 28 to 50. The pay of the 1st peon may be fixed at Rs. 7 and that of the 2nd peon at Rs. 6, for each Assistant Inspector.

For contingencies a sum of Rs. 8 per month has to be provided for the additional Urdu District Inspector and Rs. 5 per month for each of the eleven additional Assistant Inspectors. A lumpsum of Rs. 600 per annum is also needed for house rent for the offices of the new Assistant Inspectors. Provision has also to be made for the travelling allowance and tour charges of the new Inspecting Officers and the travelling allowance of their establishments. The present provision for travelling allowance, viz., Rs. 16,400 is quite inadequate for the existing officers, the actual expenditure in 1912-13 and 1913-14 being Rs. 21,249 and Rs. 23,423, respectively. Consequently the provision for travelling allowance has to be increased from Rs. 16,400 to Rs. 34,400 and the provision for cart-hire from Rs. 5,200 to Rs. 7,600, the increase of Rs. 2,400 being for the twelve new officers at Rs. 200 each. A lumpsum provision of Rs. 2,400 for providing the new offices with furniture is also needed.

The existing cost of the clerical and menial establishments, house rent and contingencies is Rs. 44,537½ per annum. The additional cost will be Rs. 33,558½ per annum. The total extra cost on account of the revision of the Inspecting Staff and their establishments will, as given above and in para 10, be Rs. 47,718½ per annum, excluding the non-recurring charge of Rs. 2,400 for furniture.

The usual proposition statement is appended and I beg that Government may be pleased to sanction my proposals very early and to order provision to be made in the budget of the ensuing year.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE
MAHARAJA OF MYSORE.

Appellant.	vs.	Respondent.
Patel Bommegowda and certain others of Byaladakere village, Bagur hobli, Channarayana- patna Taluk.		Pujari Linga.

Subject.

Archakship of Beere Devaru temple in Byaladakere village, Channarayapatna Taluk.

Facts of the case.

The temple of Beere Devaru in Byaladakere village is a non-Muzrai institution and the respondent Linga, a Kuruba by caste, was the pujari of the temple.

On the score that the respondent was suspected of having misappropriated certain jewels of the temple in his possession, the appellant Bomme Gowda, who is also the patel of the village, removed the former from his office on his own authority and appointed in his place another person a Thammadi by caste.

When the question came up finally before the Deputy Commissioner for orders it was observed that the temples of Beere Devaru have usually Kurubar pujaris, as the devotees are chiefly Kurubars and that a Thammadi by caste was not a suitable person for that office and that in any case the patel in his official capacity had no right to interfere in the management of a non-Muzrai institution. While warning the appellant Bommegowda against further unwarranted interference, the Deputy Commissioner directed that the devotees of the temple were competent to appoint any archak they liked.

Against the foregoing order Patel Bomme Gowda and others have appealed to Government.

Decision.

The case was heard on 15th of April 1915, the appellants being represented by their Advocate Mr. Venkatachar, and the respondent being absent.

The temple being a non-Muzrai institution, the patel had no authority to interfere to oust the pujari from it. The Deputy Commissioner's order is therefore right and the appeal is accordingly dismissed.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE
MAHARAJA OF MYSORE.

Appellant.	<i>vs.</i>	Respondent.
Subba Dikshit of T.-Narsipur.		Ramaswami Sastri.

Subject.

Archakship of Sri Mulastanesvaraswami temple at T.-Narsipur.

Facts of the case.

One Gangadar Dikshit was the archak of Sri Mulastanesvaraswami temple at T.-Narsipur and after his death, his brother Nanjunda Dikshit succeeded him but he left the place soon after for Nanjangud without making satisfactory arrangements for the conduct of the *puja* in the temple. Some years later, in 1904 the respondent Ramaswami Sastri was appointed by the Amildar to look after the duties and he has continued to do so. In December 1910 Nanjunda Dikshit petitioned that the baravard may be made out in the name of his nephew Subba Dikshit (the present appellant) and subsequently died leaving no issue. The Deputy Commissioner before whom the matter went up for orders directed that Ramaswami Sastri should be registered as the archak of the temple. Against this order, Subba Dikshit has appealed to Government.

Decision.

The case was heard before Government on the 21st August 1915, the appellant being present in person and also represented by his Advocate, and the respondent being present in person.

The appellant's uncle and appellant were indifferent towards the office of *puja* of Sri Mulastanesvaraswami temple, and there was no worship in the temple for a number of years. There is therefore no hardship in not recognizing the petitioner's claim to immediate possession. Moreover he has another *puja* office in Agastesvara temple.

The opponent Ramaswami Sastri will therefore be continued as Gumasta during his life time. The change of baravard in the appellant's name may be decided upon subsequently.

Government Order No. 444, dated 9th August 1913, declining to interfere with the order of the Deputy Commissioner, directing that the appellant (Rangappa) and the respondent (Venkatapathiah) should discharge by rotation the duties of the archakship of Sri Venkataranganaswami temple at Konakuntlu, Chintamani Taluk.

Review petition registered No. 1162, dated 26th December 1913, addressed to His Highness the Maharaja by Archak Rangappa, praying that on a reconsideration of the foregoing order, he may be appointed as the sole archak of the temple and adding that as the temple idols stolen in 1874, have since been replaced, he may not be called upon to pay for the loss of the images.

Letter No. 27 dated 27th November 1914, from the Deputy Commissioner, Kolar District, submitting the records and reporting that no fresh idols were dedicated either by the Archak or the devotees.

Order No. 805—Muz. F. 306-13-6, dated 13th September 1915.

The case was heard before Government on 2nd March 1915, both the parties being represented and also present in person.

The report of the Shekdar, dated 13th July 1874, the Amildar's report thereon, and the Deputy Commissioner's Order dated 8th November 1874, all show that the dismissal was meant to affect both the Archaks (Channappa and Lakshmakka) and that the office was considered a single one to which Gopalaiya was appointed on probation. Notwithstanding this order, however, both the Archaks seem to have continued to hold the office.

There is no other evidence it is true about the enjoyment of the office by respondent except the petitions, dated 21st January 1888. These were complaints relating to some tamarind trees standing on inam land and a calf belonging to the temple. The petitions purport to be signed by both the claimants, and as they were acted on without question, the signature of Gopalaiya may be taken to be genuine. Both the petitions contain an admission that the two persons who signed them were both entitled to the Pujari office. The record shows that both claimants were in possession of the inam lands, and no order was made in 1874, about transferring all the lands to Gopalaiya. It is therefore likely that the parties continued to do the pujari work together in spite of the order in favour of Gopalaiya alone. The petition of respondent complaining against exclusion was presented within twelve years of the admission of enjoyment contained in petitions of 1888. The claim cannot be said to be time barred, and as the appointment of Gopalaiya in 1874, was only on probation, there was nothing wrong in recognising both claimants as pujaris.

The idols reported to be stolen have been replaced, and it is not necessary to insist on payment of their price by Rangappa (petitioner) at this distance of time. This part of the order will be cancelled.

A sum of Rs. 115 already recovered from Venkatapathiah towards one half of the value of the idols lost will be refunded to him.

Paragraph 5 (2) of Government Order No. 292-5—P. W. 1579-82, dated the 13th February 1914, directing that the annual maintenance grant of the 520½ miles of the Provincial roads, therein referred to, be increased by Rs. 50,000 with effect from 1916-17.

2. Note dated the 1st May 1915, by the Secretary to Government in the Public Works Department, representing that the repairs of certain roads for which special estimates have been sanctioned are nearing completion, and if they are not properly cared for during 1915-16, which it is not possible to do with the existing allotments, the amount that may be required for their proper maintenance during 1916-17 would be very great and soliciting sanction to the increased mileage grant sanctioned in paragraph 5 (2) and (3) of the Government Order quoted above being brought into force with effect from the year 1915-16 instead of from 1916-17.

Order No. 1669-72—P. W. 8619-22, dated 4th September 1915.

In the circumstances explained by the Chief Engineer, Government are pleased to accord sanction to the increased mileage grant of all the Provincial roads in the State—*vide* Statement B attached to the Government Order quoted in the preamble—being brought into force with effect from 1915-16.

Letter No. 6428—G. A. II 1655, dated the 23th April 1915, from the Comptroller, Public Works and Railway Branch, suggesting a modified procedure for submission and disposal of Inspection Reports of Division Offices by Account Officers.

Order No. 1730-60—P. W. 8303-33, dated 14th September 1915.

The procedure suggested by the Comptroller is conducive to the early remedy of objections and irregularities and may be tried for a year in the first instance.

2. The same procedure may be adopted in reporting on the inspection of accounts of Marahmat and Electrical offices in so far as it may relate to them.

ANNEXURE.

Letter No. 6128—G. A. II 1655, dated the 28th April 1915, from the Comptroller, Public Works and Railway Branch, to the Secretary to Government, Public Works Department.

I have the honour to suggest the desirability of some modification in the procedure for submission to Government of Inspection Reports and in taking action on points noticed therein. The present system is to submit the entire reports of inspection to Government and obtain their orders on all the points noticed in them. Most of the points noted in ordinary Inspection Reports are generally about the violation of rules in the Public Works Department Code and the Public Works Manual, and of the circulars issued by this office or the Chief Engineer. The other points mentioned in the reports generally relate to suggestions for removing defects noticed or for improving the existing accounts procedure of particular transactions. The infringement of orders and rules are not matters for the orders of Government other than those noticing the conduct of the officers responsible therefor and what is wanted in respect of them is action on the part of the Executive Engineers for observing the orders and rules. Even as regards defects noticed or suggestions made, it is necessary to obtain the explanation or views of the Executive Engineers before orders can be passed or any new procedure prescribed. Note 5 on the form of Inspection Notes provides for reports being shown to the Executive Engineers concerned and the object is apparently to settle by personal discussion with them as many points as possible. Formal showing of the report of inspection of accounts of a Division to its Executive Engineer is of no use and what is wanted is that the Executive Engineer should take all possible action as soon as the report is placed in his hands for curing the defects pointed out. Personal discussions between the Executive Engineers and the Inspecting Accounts Officers will go a long way to set things right promptly, and the points to be referred for the orders of Government need only be those about which there is difference of opinion between the said officers. It is therefore necessary to require the Executive Engineers to dispose of the points noticed in reports when the Inspecting Officer is in the Division itself. If there be any matters mentioned in the report about which the Executive Engineer is not prepared to take immediate action, he may record his reasons in support of his views, and it is best that the report represents the views of both the Accounts Officer and the Executive Engineer when it is placed before Government for orders on contested points. There is another defect in the existing procedure. The Superintending Engineer is as much responsible as the Audit Officer for the correct maintenance of the accounts of Divisions and for the regularity of their financial transactions. But the reports of inspection in which irregularities are pointed out do not go to them for taking any action and after orders are passed by Government, the reports go to them and are simply passed on to the Executive Engineers for carrying out the orders of Government. The responsibility which is vested in them is not now exercised in regard to defects in accounts noticed in Inspection Reports. There is another object in requiring the Superintending Engineers to deal with points arising out of Inspection Reports. In cases of disagreement between the Inspecting Accounts Officer and the Executive Engineer, there will be no need to apply for the orders of Government, if the Superintending Engineer should agree with the Inspecting Accounts Officer. Even in regard to cases in which the Superintending Engineer may agree with the Executive Engineer, it is desirable that his views should be on record when the report is placed before Government for orders. In any case, both for enforcing the responsibility of Superintending Engineers, in the maintenance of the authorised system of accounts as also for securing expeditious disposal of Inspection Reports, it is necessary to send them to Superintending Engineers for taking the needful action before submitting them to Government. In the circumstances explained, I beg leave to propose that the following procedure be observed in reporting on the inspection of accounts of Divisional, Marahmat and Electrical Offices and in taking action on them:—

1. All the points noticed in the course of inspection should be brought to the notice of the Executive Engineer and, if necessary, discussed with him. The Inspection Report should be drawn up only after such intimation to or discussion with the Executive Engineer. For this purpose, the Executive Engineer should, unless unavoidable public business requires him to be on tour, be at his headquarters while his Division is under inspection. A column should be opened in the form of Inspection Report for the Executive Engineer to record his explanation of the points noticed, the action taken by him to remove the irregularities pointed out, his acceptance of the suggestions for improvements, and his reasons for differing from the views of the Inspecting Officer. This column should be duly filled up and signed by the Executive Engineer.

2. Every Inspection Report with the Executive Engineer's explanation, etc., as provided for in (1) above, should be sent to the Superintending Engineer concerned who should, in a separate column to be provided for the purpose, record his views on the points of difference between the Executive Engineer and the Inspecting Accounts Officer, and note the orders he may desire to issue to the Executive Engineer for the removal of the defects pointed out. With the column filled up as above and duly signed by him, the Superintending Engineer should return the report to the Comptroller, who should submit such report to Government for information with a covering letter in which the points arising out of inspection but unsettled by discussion with the Executive Engineer or by reference to the Superintending Engineer will be noted and the orders of Government sought on them.

There is a great deal of delay in the disposal of Inspection Reports as will be seen from the appended statement*. The existing arrangement postpones practical action on the part of the Executive Engineers on points noticed in reports until the latter go to them through the Superintending Engineers with the orders of Government. The same points are being noticed in reports year after year and this increases inspection work unnecessarily and what is wanted is immediate action on uncontested points and placing before Government contested points with the views of all officers concerned, so that orders may be passed expeditiously and points raised settled with as little delay as possible. The procedure suggested in this letter, which is analogous to that obtaining in the Local

No. 1730-60—P. W. 8903-33, DATED 14TH SEPTEMBER 1915.

Audit Department, is intended to secure the above objects and I request that it may kindly be approved. The draft of an addendum to the Public Works Manual based on the proposal made in this letter is enclosed.*

**Replace para 1758 by the following.*—"All the points noticed in the course of inspection should be brought to the notice of the Executive Engineer and, if necessary, discussed with him. The Inspection Report should be drawn up only after such intimation to or discussion with the Executive Engineer. For this purpose, the Executive Engineer should, unless unavoidable public business requires him to be on tour, be at his headquarters while his Division is under inspection. The Executive Engineer should record in the report above his signature his explanation of the points noticed, the action taken by him to remove the irregularities pointed out, his acceptance of suggestions for improvements, and his reasons for differing from the views of the Inspecting Officer.

Every Inspection Report with the Executive Engineer's explanation, etc., should be sent by the Comptroller's office to the Superintending Engineer concerned, who should in another column in the report record his views on the points of difference between the Executive Engineer and the Inspecting Accounts Officer and note the orders he may issue to the Executive Engineer for the removal of defects pointed out. With the column filled up and duly signed by him, the Superintending Engineer should return the report to the Comptroller.

The Comptroller should submit the report to Government with a covering letter, in which the points arising out of inspection but unsettled by discussion with the Executive Engineer and by reference to the Superintending Engineer should be noted and the orders of Government sought on them."

Note No. 649, dated the 19th—21st June 1915, from the Secretary for Railways, submitting for sanction, authorization rolls, for the working of the Bangalore-Chikballapur Light Railway for the Railway year 1915-16 ending 31st March 1916.

Order No. 752-58—Ry. F. 7 O. L. 15-16, dated 9th September 1915.

The rolls include charges amounting to Rs. 4,700 to be incurred direct by the Bangalore-Chikballapur Light Railway Company, towards Directors' fees, office expenses, etc. Government consider that these are high and have consequently reduced them to a lump sum of Rs. 2,000. With this modification, the authorization rolls of the Bangalore-Chikballapur Light Railway for the year 1915-16 providing for an expenditure of Rs. 53,507 against the anticipated earnings of Rs. 59,250 are sanctioned.
